1. The Director of Communications has approved the release of the balance of the \$66,350 required for the Building vault project. At present there are insufficient FY-1972 funds to complete the Building "clean" room extension. This extension will be reviewed at a later date to determine the fiscal year in which it can be funded.

2. Accordingly, you may proceed with the original two story vault project, including the footings for the clean room extension. OC-A/B&F will verify the status of the funds for this project with your B&F officer. As you know, the vault tenants will be OC-SPD and OC-CCD. Details of the vault project should be coordinated with the Chiefs (or designated officers) of those divisions.
